

(Jan 24)

1916

52 51

steps in the lower part, led down
northwards to a burial chamber
(not yet excavated).

In the debris in the stairway, were
frag. of R-P. Mauritian burl. 
of thin blown glass bottle, and
a piece of decayed wood with bronze
pins.

I see no reason why all these
Mauritian pyramids should not be
of this type. They are probably
all plundered in ancient times.
