Read the following inscription. (148)

There can now be no doubt whatever that this fine masonry in 500 was ~~either~~ ⁱⁿ existence in the time of Ramesses II. Whether it was constructed by him or usurped by him is of course not clear.

⑤ In 500 A, preparing an incline of earth and stones and laying the rails preparatory to moving the heavy statues out of the hole. The tunnel will then be in condition to take the earth from another section.

⑥ At Z, a heavy wall 10-12 in direction. Pottery of Pp. types.

⑦ Nubian stair of VIII at Nuri. On the stair, some beads and several monets. of pale blue faï. (white body). Near doorway to chamber, two fragments of two separate sketches figures of blue faïence. ²
