(74)

① cont.

Also clearing debris in 701 (Western) half. The floor was not preserved. We cleared out the tumbled filling to red sandstone layer. In this we found some the foundation of the middle col. of 701 (portico) and the S.W. corner of the older yellow building.

②

clearing space on R. side of Bldg. 600. Two walls appearing, floor broken up.

N.B. The confusion caused by local use of NSEW, the use of the Egyptians and the variation of the local colloquial ^{Christian} terms from the magnetic directions, forces
