It takes 30 m. in launch to 108
opp. the temple and 15 m. to ride 10
donkey up to temple. Total 45 m., —
the same as for Kerma Rest House to
Upper Seafufa and of course a far
easier trip. The return trip takes 15 + 20
= 35 m. (= 1 h. 20 m. for return round trip).

Building 100 is finished to present
form and the S. Pyramids will be
finished Tuesday or Wednesday.

The chapel is traceable and against the
pyr. at the N. end of chapel is the
base of a painted and gilded statue
still in place.

It was not possible to
examine it carefully
