(1) B 502 Continued clearing B 502 X 2-3.
Feb. 10

(2) B 1200 Clearing 1247-1250. Examining 1233 to
Feb. 10 1245.

[Drawing] The whole site
of 1200 (I think
now after Aspalta)
was flushed
with rain water
(a sêl) bearing
red sand which
came in through
the site of 1237, 1238, 1239
and covered the
rooms beyond.
This was previous
to the walls [Drawing] and to the foundation
compartments 1228-1230.
