

(March 5)

(37)

Work on (1) Temple 700. (2) Merowe Temple.

(1)

Continued —→ clearing S in great bank in front of 700.

Continued clearing away debris and fallen blocks above and beyond room 703.

(2)

Continued clearing well in Merowe Temple. Debris is now very wet.

Cleared out the foundation deposit plac[XX??] in back of temple. The curious features about this temple is the mud-retaining wall holding up a sort of platform on which the temple is built.
