

April 12

Wednesday

69th

Work on ① 800 pylon (160)²⁵⁹
② 1000 ③ 506-520 and n. of 504.
④ Nuri.

① Cleared W. side of 800 pylon.

↑^R the river side of the pylon has been
whitened by later masonry.
① - debris.
② - older masonry

The pylon appears much too long.
The W. end may be part of another
structure.

② In the great well 1000, reached
water, got about 80m below it
and had to stop. The lining appears
