

March 7th: (Cont.)

(4) Nuri Pyramids : --
March 7th

Monday

March 8th : -- 103 Locals.

78th Day of work: -- Work on (1) Meroitic walls in B 501. (2) B 802,
(3) B 801.

(1) Meroitic Walls B 501: -- Work continued removing meroitic brick walls
March 8th : -- and debris beneath them.

Rounded edge From area VI 6 upper left corner of a slate
slab with figure of prone bound captive incised, which
fits on 20-2-168 found in area B 501 EX 4, Feb 24th.¹⁶

[Drawing: Hieroglyphs] Also from this area a small frag. grey granite
with the ends of three horizontal lines of inscription
(Probably another frag. of the Cairo Piankhy Stela)

From VIII 2 frags of a larger block stone slab with 2
crudely incised meroitic cartouches and a vulture with
outspread wings.

[Drawing: Hieroglyphs]

(2) B 802
March 8th Took up II pavement in centre of room B 802,
where there was a sunk place (pavement settled into a
hallow) and examined ground beneath. At ca 1 meter
below floor reached a hard black mud "gebel".
