⑤

when the men were sent to (97) 189
Bldg 100, to clear up for
survey and photography.
Near the NW door I sunk a
pit part the foundations into
alluvial soil. The wall is founded
on rubble over 2 courses of red-bricks

plastered
bricks red
rubble
red bricks
mud, stones pot shards, etc.
alluvial sandy mud.

Thursday
March 16
46
working
day.

⑥

Continue clearing of mud brick foundation
wall of main temple.

Worked on ① Bldg 200 ② Bldg 900

③ Bldg 500 A ④ Bldg 100.

⑦

clearing 703. At back small room.

- a recess room - no. 704 - filled with

dirt and fallen stones. In the middle

a small uninscribed ^{granite} altar or more
probably ^{pedestal} base for a statue.

- 1 a battered sandstone statue
lying in ruins.
- 2 small granite statue of a
bearded god (not very good)
