

April 8
66

was originally blocked with (156
stones, roughly laid, and the 255
thieves had broken through the
upper part.

On the stairs (deposited before
filling) there were on each step
from the 12-21 st from above two
moneta of blue fair and some beads
on each end of the steps. On the 1-3
stair from below a bruge basin,
crushed by weight of filling. On
the floor before the door, a large
saniak bruge (d. 135 cm).

The frags. of ushitt, alab. etc were
in the debris of the thieves hole.
