Ankhi was hurt by a fall of debris ⁷¹⁷³ 70
in the stairway of Pp. XL. ^{On} One side
the debris was softer, ~~and~~ and the other was
cutting into the hard debris. Said ordered Ankhi
to take the soft debris. He disobeyed and
immediately after the soft debris fell on him.

Work on ① X ② XI ③ XII ④ XIII
⑤ ~~Temple 100~~ ⑥ XX and ⑦ Temple 100.

① The supposed entrance to X proves
to be a cleft in the rock. Continued working
on south.

② Cleaning debris from stairway of X
working along the steps. Also cleaning
front (S) and W. of Pp. The ppyr.
appears to have been smaller than I thought.
(Cailland 36.30 m). The ^{SW} corner is now clear.

③ Cleaning stairway ^{of XII} similar to that
of XV. ^{Thundun's hole filled with yell. sand at deep end.}
Cleaning front and towards XL.

④ Finished stairway of XIII.

Longish cut in rock. Part
of mud-brick door-block still in
place.
