Barkal VIII

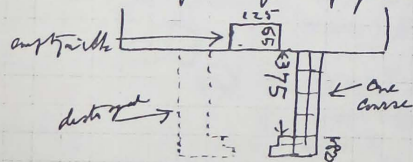

② B 1200
Feb. 12

B 1200, -- first clearing nearly finished.
Have Metawalli at work on 1233-1246 examining
joints in masonry and floors.

③ Kurru Camp Locals. -- 42

Feb. 12. Building latrine, roofing, etc.

④ Kurru VIII The ~~stairway~~ gang searching for the stairway
came on a well excavation filled with
dirty debris (thinner debris) but when this
was cleared ~~from the "gabal"~~ was
found at the bottom. The hole was dug
by thinners looking for the stairway.
The rest of the gang were clearing
the front of the pyramid. Trace of steps
on stones in place.
The size of the
steps niche is
notable. Also
pieces of inscribed
stones in debris.

Also potsherds and frag. stone vessels; frag.
of a decorated fai. cup; frag. ostrich egg;
frag. fai. ball tube; etc.

Thursday, Feb. 13 Day of rest at Barkal.
44th day of work. Locals, -- 41 at Kurru.
Work on ① Kurru Camp.
② Kurru VIII

① Kurru Camp. Main hut finished. Kitchen nearly
ready.
Feb. 13.

② Kurru VIII The examination of the area in front of the
pyramid VIII shows that there is no
stairway or that still.
clearing "N" and "S" came on two small
graves one on each side of chapel.
Possibly small pyramids or
mastabas. Burial pit was
under a stone superstructure.
Both were completely empty.
But some frag. of objects were in debris.
