apparently dumped debris: The fragments of statues were dumped into the room with this debris. Potshards, frags. of faience, and burnt palm wood occur, also burnt brick, stones. The walls of the room are fire marked. The modern surface has been dug over. Some of the setah holes penetrated the mud-brick walls of the room.

- ③ Continued clearing a floor in 500 G — same level as Pylon floor. Practically finished. Ordered this gang to continue clearing in front of 600 until 500 G can be registered to date.
- ④ Continued clearing on I and D at Naris. Apparently no trace of chapel on river side — ordered No. VIII examined on Gebel side.

Aman reported find of stone on west bank opposite our house at Ineuwe. Sent Saïd Ahmed who brought a measured drawing
