

1916

486

(Jan 23)

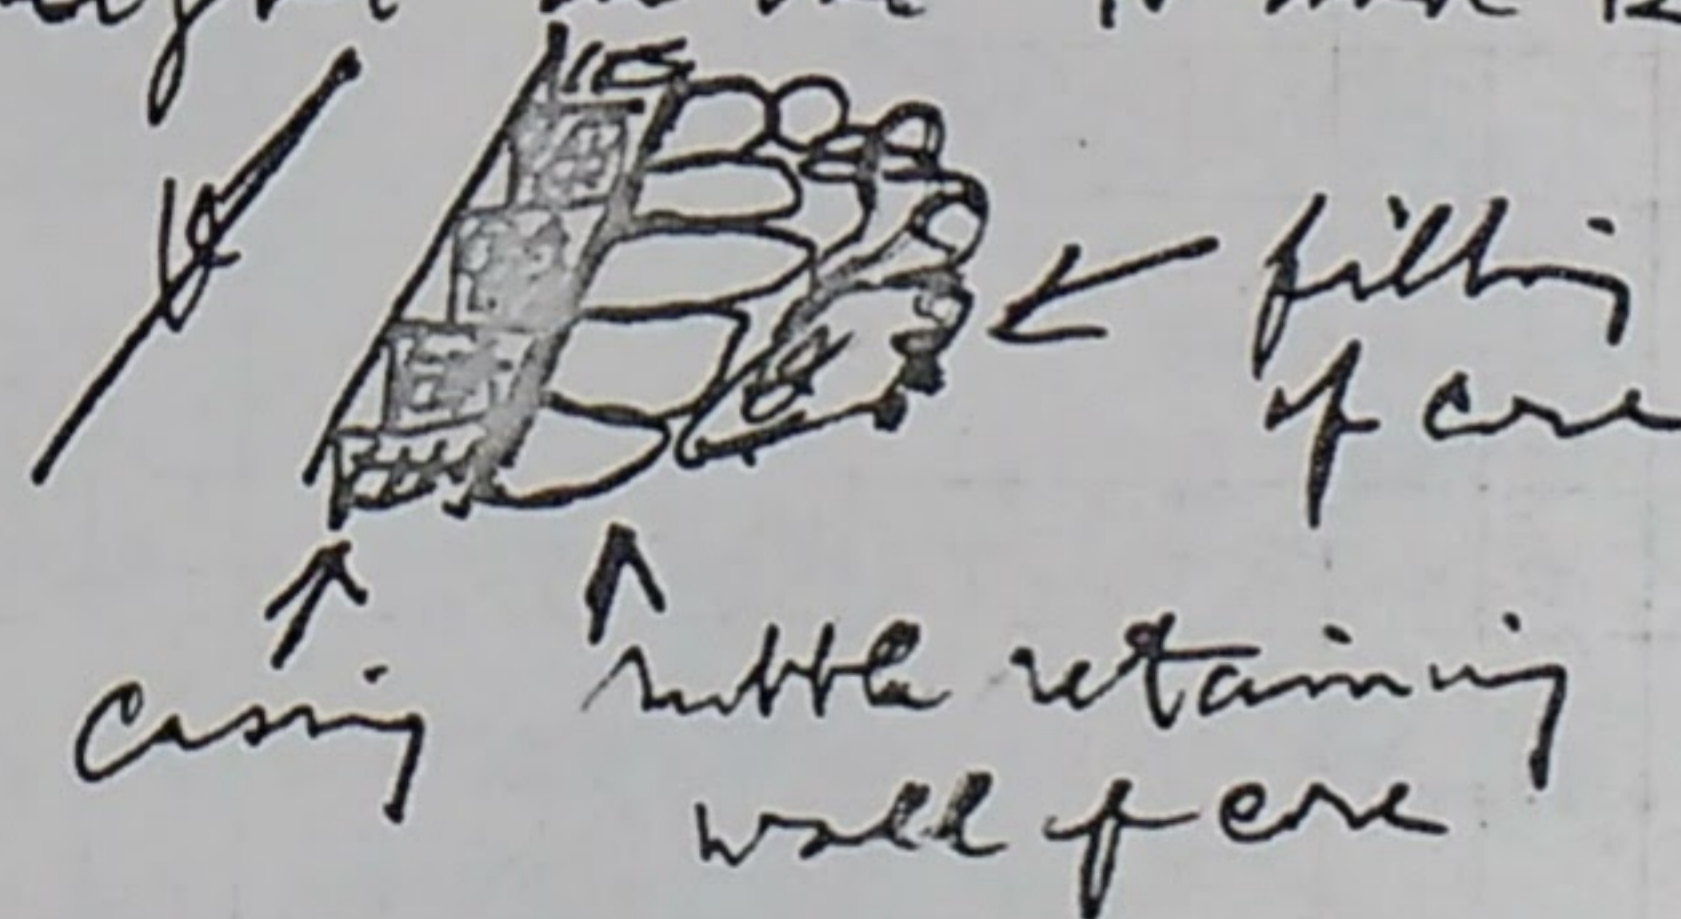

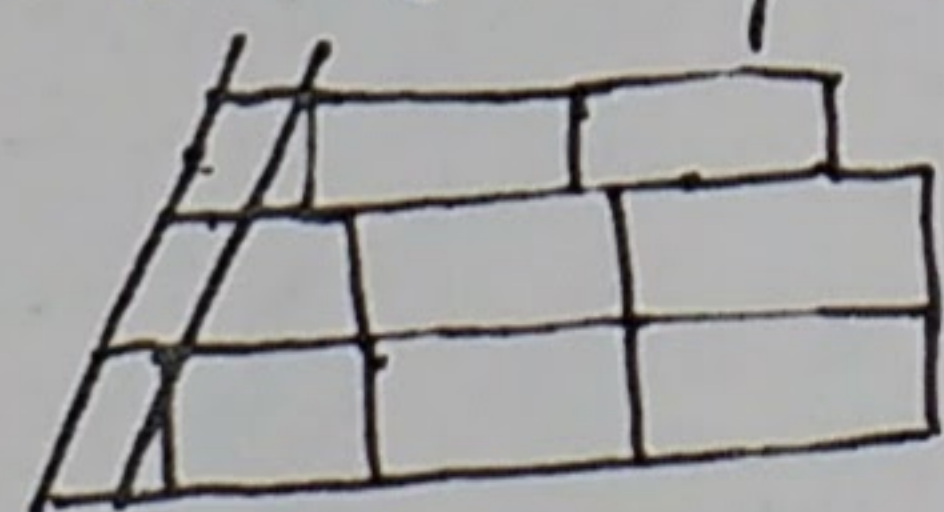

The after two cylinders of
the cannon went out of action
about 100 yards from the Kirkham.

Mondays
Jan 24.

1st day
of
work.

Work begun at Isbel Barkal
this morning at Pyramid ^①X, ^②XI
^③XVI, and at point W of first pyramid
of bent Temple aa (AA). See
next page (p. 49).

① Pyramid X (Cailland, Pyramid
h) is represented by Cailland
Voyage à Meuse Pl. L. VII (a right)
as having the casing still in place
ca $\frac{2}{3}$ original height on the N and E.

Now no casing is visible; only the
core filling (masonry and red sandst. debris)
rises to a height of ca 4 meters on E
side

We cleared away fallen debris on
