

(March 17)
(47)

- (1) cont. Also clearing debris in 701 (Western [?] half). The floor was not preserved. We cleared out the tumbled filling to red sand layer. In this we found sunk the foundation of the middle col. of 701 (portico) and the G.-U. corner of the older yellow building.

[DRAWING]

- (2) Clearing space on R. side of Blg. 600. Low walls appearing, floors broken up.

N.B. The confusion caused by local use of NSEW, the use of the Egyptians and the variation of the colloquial directions from the magnetic directions, forces
