⑤ XIV ⑥ XV ⑦ XI ⑧ Temple 100. (aa)

① Excavating entrance to Ps. X.

② Cleared top layer of debris out of XX room A and exposed a doorway into N wall of A leading into B.

Top layer of drift or water borne sand continues into B.

③ Found entrance to XII.

④ Cleaning entrance to XIII. In the drift sand at the N end (near door), found frags. of gold foil, some beads, a gold barrel head, and an inscribed green (faded) glazed plate (with cartouch of ① XIII ② XIII).

⑤ Cleared stairway of XIV. Same type as XV (see plan).

⑥ Cleared stairway of XV. Plunder's hole in N. end filled with hard laminated drift sand; top of door-blocks of mud
