

(March 15)

(45) when the men were sent to

(5) Bldg 100, to clean up for survey and photography. Near the NW door I sunk a pit past the foundations into alluvial soil. The wall is founded on rubble over 2 courses of red brick.

(6) Continued clearing of mud-brick foundation wall of Merowe Temple

Thursday

March 16

46<sup>th</sup>

working

day

Worked on (1) Bldg 700 (2) Bldg 900 (3) Bldg 500 A (4) Bldg 100.

(1) Clearing 703. At back small room—a recess room—no. 704—filled with dirt and fallen stones. In the middle a small uninscribed granite altar or more probably pedestal for a statue.

[DRAWING]

1. a battered sandstone statue lying in ruins<sup>49</sup>

2. small granite statuette ram headed god (not very good)<sup>50</sup>

---

<sup>49</sup> Not clear which one he's referring to—lots of sandstone statues in 704.

<sup>50</sup> 16-3-203. Dunham 1970:69, Pl LVI.
