

(April 7)

(65) The lines do not seem to bear out Cailliaud's plan.

[DRAWING]

(6) At 500 A, moved Espalut up out of hole. Took less than an hour.

(7) Trench Z. Massive mudbrick wall → U D. Structure appears earlier than Bldg 100.

(8) At Nuri continued work on VIII.

[DRAWING]

End of stair bottle shaped as in Barkal. Floor is not yet visible but the chamber has been plundered. In the debris in the stair are
