Morean, the superstructure
does not coincide with the
foundation lines

(157)
250

The cols are founded on big circular
blocks but are not well centered thereon
— foundation discs.

Between the two G-side cols. is a
square altar (uninscribed) built of
masonry.

- (2) At 900, clearing ~~the~~ U. side.
E.C. cutting away the adjacent
bank of debris. Here opposite the
