

(Feb. 5) ③.

clearing

1916

SE corner and east face of ~~XX~~ 90
89

92

The greater part of the N. galls were on this clearing. The casing has been destroyed at the SE as at the B. W. corner, but appears again further N along the E face. The core wall is well built in distinct steps which took the casing courses. ~~At the~~ In the E wall of the platform wall (S. projection) was a burial (apparently Muslim?).
