Work on ① N. side of 200. 157
② 1000 ③ 500 Cr end. ④ Nuri

- ① Clearing bank of debris on N. side of 200. ~~Stopped at 1000.~~
- ② Raising water in great well (1000)
- ③ Clearing the whole gebel end of 500 (rooms 507, 508, 515-520). The debris has been turned over and over many times so that all evidences obtained in the ~~excavation~~ ~~excavation~~ by deposition of the debris has, as usual at this site, been destroyed. There seem to be ^{at least} three distinct building periods shown in the walls - two in the fine grey masonry and one in red masonry. Fragments of the Taharka altar were found.
- ④ Nuri. ~~Finished~~ Finished clearing stairways. Finished clearing S. side of pyp. VII. Turned the men on the chapel of Pyp. VII. The stair of VII is filled with sand showing that it is even worse plundered than pyp. VII.
