⑤ Building 500 Trench A. The floor (upper)

→ N

has been followed

up close to the

pylon wall. Here

we are stopped by a fallen wall, composed
red sandstone (type Building 100). The fallen
stones of this wall rest on the floor under
which the statues lie. Not yet clear
whether these stones belong to temple wall.

News that the Russians have captured
Ezernin. Wilson maintains the right
of merchantmen to carry arms for defence.
