Col. Jackson came in the Water-81
Lily about 3:30. Mr. & Mrs. Leroufort
who lunched with him and Mr. Young.
Our whole party went from here. Went to
Kura. Bank crowded with village
people; small boys waving green sticks
and shouting ~~ubsh~~ "ubsh" (ubshir)
"ubsh". When ^{we} reached the top of the
bank, girls of the village began
dancing. This is the first time
any of our party has seen village
dancing (i.e. by respectable people).
They ^{little girls} were only the ~~rebet~~; the largest
wore a cloth but were naked to the wrist.
