

(April 1)

(60)

Clearing the G. part of 900, and tracing the foundations of the well-built stone building. Cutting out all decayed masonry, for these parts obscure the lines.

Clearing the forward part of 800.

[DRAWING]

In room 801, came on a granite head,⁵⁹ lying face up.

[DRAWING: section]

Unfortunately the surfaces, especially chin mouth and nose, are crumbling to pieces as only granite can crumble.

(5)

At Nuri Pyr. VIII found chapel and stair on the gebel side (i.e. SE). Thus although the pyramids are

⁵⁹ Seemingly not published in Dunham 1970 or in Reisner's preliminary report on this temple (Reisner 1920)
