Barkal VIII

Saturday, Jan. 18.      Locals, -- 151  
22nd day of work      Work on, -- (1) B 200  
   (2) B 500  
   (3) B 1200

Cold, windy weather.

(1) B 200      Continued working "southwards" and are now  
Jan. 18.      close to "N" wall of B 300. After an  
                 interval, the rough wall is found again;  
                 but here it is of the small New Empire  
                 stones (1 ell x ½ ell x ⅔ ell).

(2) B 500      Working in I 6-7, II 6-7, III 6-7, IV 6-7  
Jan. 18.      and in "SW" quarter.

[Drawing]

(3) B 1200      Clearing 1213-1218, as before  
Jan. 13.

[Drawing]

Continued personal examination of 1202 "SW".

[Drawing]

Wall IV is later than III earlier than II.  
The pot is like a burial cist and  
rests on "gebel" level with foot of III & V
