frag. of urostatia as before, 154²⁵³
also frag. of alab. vessels, bronze
etc. With some pains, I was
able to make out the name of Espelto
on the bottom of the badly preserved
inscription in the chapel.

The py. was stepped with inclined
faces.

top of the course below (as at Baskal).
In fact, the general plan and
type of construction are strikingly
like Baskal II. It is highly
improbable that any pyramid in
the Indies will ever be found
uninfluenced.
