

(March 19)

(49)

- (2) Bldg 600. Breaking and carrying out fallen cliff.
600 A has crossed from 500 D to the U-wall of 600 without showing any trace of any construction.
600 B has crossed from 700 to beyond the line of the U-wall of 600 without showing any construction.
- (3) Bldg. 400. [DRAWING] Cleared to red sand stratum—surface uneven—broken by sebbahîn and stone thieves.
- (4) Bldg. 900. This building is on [XX?] built and so destroyed for stone that no plan can be drawn until more is excavated. We are now —→ clearing R along U-side and have again picked up the street —→ running R. Many very late potsherds (Christian?) in the debris of 900.
