

(March 11)

(42)

After looking over the ground, bade Mr. and Mrs. Crowfoot "good bye". They rode off with a camel policeman to Wady Ghazali to spend the night and make a plan of the buildings about the church.

We returned to launch and downstream on the left of the Island to Barkal. Reached works at about noon.

Train, 1 ½ hrs. late. Kemp arrived from Cairo. He stays here two weeks for instruction before going to Kerma.

Work on (1) Bldg 700 (2) Street (and Bldg. 900?) (3) Trench E 500 (4) Merowi Temple

(1)

Clearing away great blocks of stone, as usual, at back of 700.

(2)

→ Clearing river, we came on the corner of a building the back wall of which has been rooted out by sebbakhin (as 800). I am not
